UNHAPPY. 9/13/58

- 10:25 - Mrs. Bolton telephoned. In town just today and wants to see CAH. Coming in at 4:15.
- 10:30 Harry Allen telephoned from Brockton to ask that CAH congratulate Wiggy on his behalf.
- 10:50 - LWHenderson telephoned re ltr for Secy's signature to Stans appealing cuts in budget. Asked if CAH would like to see and CAH said he would. Bill Hall will bring up.
- 11:55 - Telephoned AWDulles re conversation with Edgar Ansel Mowrer who wants money to continue operations of WESTERN WORLD Magazine. Agreed much as they liked Mowrer, there seemed nothing we could do and that we should not encourage him to believe money would be forthcoming. AWD suggested soliciting Spaak's view thru Burgess or Houghton and said possibly AWD could do something money-wise in Europe as a one-time shot but could not even do this unless State strongly recommended it.
- 3:55 - Telephoned Tom Mann re conversation with Father White. Mann said he was very unhappy about that situation and had twice personally gone to see Hughes in FBO to persuade him that the good to be derived in our relations with El Salvador transcended the monetary considerations of the sale but Mann had gotten nowhere. However, with CAH's backing, Mann will again talk to Hughes.
- 4:10 - Murray Snyder telephoned to say AP man got info on standby planes for Berlin~~ix~~ airlift from two sources: a speech by Gen. Twining and a speech by the President of the Air Transport Association who was referring to commercial jets in the reserve fleet. CAH said that seemed to clear Defense. Snyder said they had a problem with a State release of yesterday interpreting McElroy's remarks. Said it had not been cleared with Secy McElroy and CAH said he would look into it right away.
